

CAMDEN PUBLIC SCHOOL

Starting Kindergarten

This is a story about my school.

It is called Camden Public School.

I am starting Kindergarten at Camden Public School next year.

I will make lots of new friends and have lots of fun at school!

I will have my own teacher and my own classroom.

My classroom may look like this.

I will do lots of great things in my classroom.

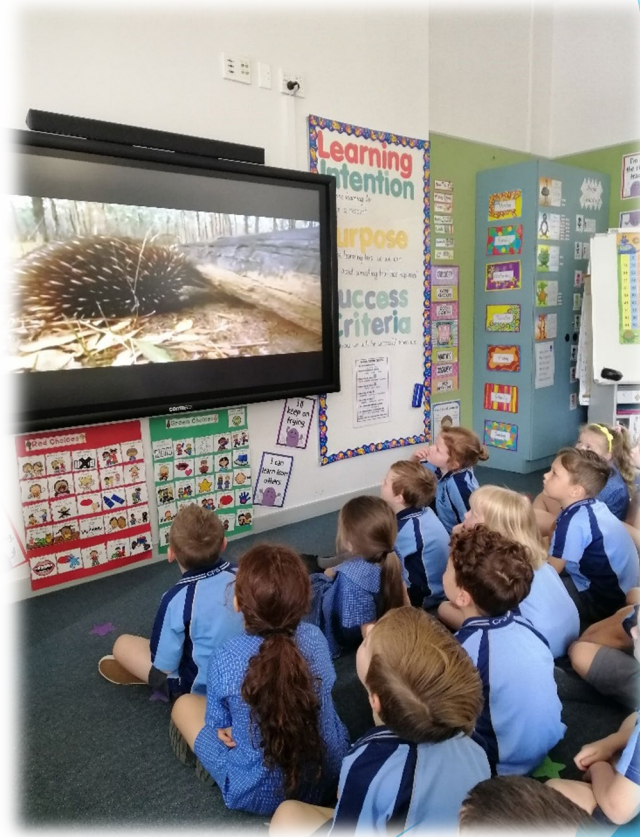

I will learn to read and write and work with numbers. I will do craft and play with toys, iPads and computers.

In my classroom, I will sit on the floor with my new friends.

Sometimes I will sit at my desk to do work.

I will use the CommBox in my classroom too!

There are lots of different people and places at my school. I will get to know all of them.

The ladies in the office help all the children, teachers and parents at our school.

Mr Hawker is our Principal.

We have a wonderful library at Camden Public School.

In the library, you can borrow books to take them home in your library bag.

Our school canteen sells lots of healthy food.

You can order your lunch from our school canteen.

We have a great playground at Camden Public School.

I can go to the school hall for assemblies and dancing.

We have a beautiful garden at Camden Public School. We grow plants and look after the animals.

I know I will be happy at Camden Public School with my new teachers and my new friends.

I can't wait to start Kindergarten next year at my new school!
